BEACH BOWLING

Overview

This activity develops counting skills through score keeping.

Supporting information & resources:

Light weight containers, e.g. paper cups

Balls

What to do...

- 1 Divide the group into teams and provide sufficient sets of containers and balls for each to play.
- 2 Ask your learners to fill the containers with damp sand and arrange in a bowling triangle.
- 3 Invite your learners to take turns using the balls to bowl down containers, awarding points for each container knocked over.
- 4 Repeat until everyone on the teams has had a turn at bowling.
- 5 Discuss number of points awarded.
